

A pioneer in the world of digital DJing, effects, and virtual instrument development, Native Instruments makes the gear you need to take your ideas and turn them into tracks — and perform totally original mixes live!

## Traktor Kontrol X1

The Core Control You Need for Traktor Software

Pick up a Native Instruments **Traktor Kontrol X1** controller module and take command of your Traktor software — without sacrificing precious table space. Plug it in, and this device instantly maps to Traktor, providing you with comprehensive control over cue points, loops, track positioning, and two complete Traktor FX units. An innovative touch strip gives you fast and easy control over track positioning, as well as pitch and effects parameters.

Need more control? No problem! Just add on another Traktor Kontrol X1 for 4-deck operation, or other Native Instruments Traktor Control modules. Call your Sales Engineer for more details.

TKX1mk2 Traktor Kontrol X1 ..... List \$229<sup>99</sup> **ONLY \$10/mo. \$199<sup>00</sup>**

## Traktor Kontrol S4

Powerful DJ Software plus Total Hands-on Control

Native Instrument's updated **Traktor Kontrol S4** boasts improved fader reliability and a new duo-tone design. This do-it-all laptop-based DJ system merges Native Instruments' Traktor Pro S4 software with a custom-built USB DJ controller and an audio interface.

Dedicated Flux Mode controls and a separate booth output give you control like never before. You can even take hands-on control of Traktor DJ for iPad and iPhone. New silicone-damped jog wheels with aluminum top plates deliver precise cueing and scratching that every DJ wants. A pair of excellent mic preamps and plenty of other analog I/O accommodate any other DJ gear you want to use. The 2-deck **Traktor Kontrol S2** includes Traktor Pro 2 software **ONLY \$30/mo. \$799<sup>00</sup>**

## Traktor Kontrol F1

DJ in a Whole New Way

If you long for a way to integrate loop and sample remixing into your live DJ sets, then the **Traktor Kontrol F1** is just what you've been waiting for. Traktor Kontrol F1 features a matrix of backlit soft buttons and smooth faders, all of which correspond to the functions of Traktor Pro's innovative Remix Decks. Remix Decks give you access to 64 samples and loops — and your Traktor Kontrol F1 lets you take total control of them all! Call Your Sweetwater Sales engineer for more information.

TKF1 USB DJ Controller ..... List \$229<sup>99</sup> **ONLY \$10/mo. \$199<sup>00</sup>**

## Traktor Kontrol Z1

Hands-on Mixing Control for Traktor

Native Instruments' **Traktor Kontrol Z1** mixer module brings powerful hands-on mixing control to your digital DJ rig. Designed to integrate effortlessly with Traktor DJ (for iOS) and Traktor Pro 2, the Traktor Kontrol Z1 is both the intuitive controller you've been looking for and the high-end 24-bit/96kHz audio interface your music deserves. All three of its faders are extremely touch-responsive, and you'll be blown away by the feel and texture of each knob. And, to top it off, there's even a full cue controller onboard.

TraktorKontZ1 Traktor Kontrol Z1 ..... **ONLY \$10/mo. \$199<sup>00</sup>**

## Traktor Kontrol Z2

A Professional Grade DJ Mixer

Native Instruments' **Traktor Kontrol Z2** gives you groundbreaking sonic and creative control, in a powerful, affordable 2-channel standalone mixer with two extra channels for remix decks. With Traktor Kontrol Z2, you get everything you need, including the full version of Traktor Scratch. A roadworthy aircraft-grade aluminum chassis provides an intuitive layout you'll find instantly familiar, while the integrated audio interface and dedicated Traktor controls give you a host of creative options.

## Inno Spot Elite

So Crisp, You'll Hardly Believe It's LED

With its ultra-bright 180-watt LED light source, the ADJ **Inno Spot Elite** intelligent moving light fixture offers you seven replaceable gobos and seven independent colors. A hard-edge beam gives the Inno Spot Elite the kind of focus you'd expect from a traditional halogen lamp, but at a fraction of the power draw. The 80-watt **Inno Spot Pro** and the 50-watt **Inno Spot LED** are also available.

ONLY \$57/mo.

## Intimidator Spot LED Series

Add a Bright Spot to Your Lighting Rig

Looking for an automated spot for your lighting rig? Chauvet's powerful Intimidator Spot LED series spots are perfect for any lighting system. The **Intimidator Spot LED 350's** bright 75-watt LED with separate color and gobo wheels gives you a multitude of colors and effects. The moving yoke and super-crisp optics add a professional touch to your light show. The mobile spot includes a selection of built-in programs that will save you valuable time during setup. You can even hook up and control multiple Intimidator spots for larger rigs. The even more affordable **Intimidator Spot LED 250** has a 40-watt LED, an 8-gel color wheel, a 7-slot gobo wheel, automated programs, and great DMX control options. The **Intimidator Spot LED 150** gives you great performance, at an even lower price. It features a 25-watt LED, separate color and gobo wheels, and a large selection of built-in programs.

## Freedom Strip Mini Quad-5

Get Off the Grid!

Go totally wireless with Chauvet's **Freedom Strip Mini Quad-5** LED lighting fixture. This compact strip light delivers pro-standard lighting and total wireless freedom, allowing you to take your lighting system beyond the reach of AC. An internal battery provides the Freedom Strip Mini Quad-5 with up to 20 hours of operation, and five powerful quad-color LEDs give you rich and detailed light with virtually no multicolor shadows. Killer automatic/sound-active programs onboard make setting up the Freedom Strip Mini Quad-5 easy. And in addition to DMX control, the Freedom Strip Mini Quad-5 is fully compatible with Chauvet's D-Fi wireless protocol.

## LED Followspot 75

Compact, Easy-to-use 75-watt Followspot

You need the right spotlight for the right job. That's what makes the **LED Followspot 75** perfect for your venue. It's compact enough to remain unobtrusive, but its powerful 7-color LED options and generous zoom range make this Followspot an impressive performer. Smooth LED dimming gives you the fades you want, and the LED Followspot 75's mechanical iris lets you focus the spot tightly, right where you need it. You can easily access the controls manually, or take command via convenient DMX control. This amazingly affordable followspot comes complete with a sturdy, lightweight stand.
